Hey Jo,

You will need to talk with Jonathan Carroll. I believe they have an FRP because we dealt with that back when Kirby left the property.

Contact Information: Jonathan Carroll
Telephone Number: 713.398.6695
Email Address: jcarroll@lazarusenergy.com

I know Don Smith has had interaction with them and I think may Chris Perry has as well.

Thanks
Gary Moore

Subject: Question regarding Falcon Refinery

Gary,

I was reviewing the old hard copy Facility Response Plans and came across a plan for Superior Crude Gathering, Inc. which appears to be at the same address as the abandoned Falcon Refinery.

After several attempts, I managed to get a Jeff Kirby to tell me that they ended their lease with Ingleside Crude LLC and stopped operations in 2015 or so. When I talked with Pam Phillips, she said you may be able to help me determine the current operator of the facility, not the refinery, but apparently there are still operational tanks on the property. There is possibly a need for a new FRP, but I can't figure out who should submit it.

Your help would be appreciated.

Jo Horner
